On May 24th 2019, ROBLOX announced another update for their Studio 2.1 version. This update, known as "Studio 2.1.1", was released to the public on May 31st 2019.[98] Like many other platforms, ROBLOX also has an adult chat system. This is usually used by roleplayers and other users who wish to talk about mature topics freely. However, players have abused this feature by advertising Roblox pornography websites or trolling innocent users.[99] Some users have also used the system to claim that their username is "Not suitable for children" or use inappropriate usernames in order to get attention from others.[100] It is unknown whether ROBLOX will ever remove this feature from their platform.

The company's Terms of Service forbids developers from using Roblox's data for marketing purposes including allowing developers to sell their own products on the platform. It also prohibits them from using Roblox's data for behavioral advertising such as ad marketing based on the age groups or ethnicity of an individual user. The report by CNBC states that this can be seen in their products where they use this data to serve ads on other sites that are owned by the company.

The lawsuit alleged that Roblox had an HR department that was unequipped to deal with discrimination and harassment claims, falsely stated employees' work hours to avoid providing overtime pay, and broke state laws regarding how long time employees must be given notice before being laid off.

The third way is using your Xbox live account to earn free Robux on a game called "Robloxian Life". This game awards players with 20 points per day which translate into around 100 Robux.
